## TECHNICAL SKILLS

**Programming Languages:** C, C++, Javascript, Typescript.

**Development:** ReactJS, NodeJS, ExpressJS, Redux, ContextAPI, Material UI, TailwindCSS.

**Developer Tools:** Git, Github, Postman, VS Code, Vercel.

**Databases/Cloud:** MongoDB, mySql, PostgreSQL.

**Concepts:** Data Structures and Algorithms, Operating System, Object Oriented Programming, Database Management System.

## WORK EXPERIENCE

### React Intern

AIGES-I-NET, Jabalpur

Dec 2023 - Feb 2024

- Developed a React.js-based front-end for a user feedback portal that improved customer data collection, **reducing data processing time by 25%**.
- Collaborated with backend developers to integrate a **RESTful API** using **Node.js** and **Express**, **improving server response time by 15%**.

## PROJECTS

- Hirred**
  - Developed a secure, user-friendly authentication system with **JWT**, **cookies**, and **Bcrypt**, ensuring the confidentiality of user profiles and employment data with a **99.9% security** success rate. Engineered dynamic state management with Redux and integrated real-time data syncing through **Axios**, boosting data accuracy and **reducing load times by 30%**.
  - Designed a responsive and interactive dashboard, featuring data visualizations and job application tracking, which streamlined access to employment insights and **reduced job posting retrieval time by 40%**. Enhanced user experience with an automated application scheduling feature that **lowered response times by 25% through efficient notification systems**. [Link](#)
- RailScout**
  - Engineered a responsive and intuitive navigation interface with **React.js** and **React Router**, enhancing user engagement by 30% and **reducing route loading times by 20%**.
  - Integrated **Three.js** to render **3D** station maps, providing users with an immersive wayfinding experience and improving **navigation accuracy by 40%**.
  - Employed the **Geolocation API** to enable real-time, location-based routing, which increased route precision and **reduced user navigation errors by 25%**.
  - Streamlined design with **Tailwind CSS** for efficient styling and faster load times, boosting visual consistency across devices. [Try it!](#)

## EDUCATION

Degree	Institute/Board	CGPA/Percentage	Year
B.Tech Computer Science and Engineering	Jabalpur Engineering College	6.54	June, 2025
High School(PCMB)	Kendriya Vidyalaya C.M.M	75%	May, 2020

## ACHIEVEMENTS

- GATE Qualified**
- LeetCode :**
  - Rating 1550+ and Solve over **300+** Questions.
  - Problem Solve in : C++, MySql, JavaScript. [Link](#)
- MANIT BHOPAL FINAL YEAR STUDENT :**
  - Selected in Student Exchange Program on The Basis of Merit list.
  - In **Top 0.1% Student** in College.
- Hackethons :**
  - Participated in 10+ hackethons.
  - Developed projects using technologies such as **React**, **Tailwind CSS**, **Node.js**, **API**, **Git**, **Github**.
